

# DALE AVE PUMP STATION CONSTRUCTION NOTICE

## Generator Foundation and Installation Starting Monday, March 18, 2024

Our contractor, Anvil Builders, Inc., will perform cable trench excavation, duct work, piling work, and construction of a concrete foundation pad starting March 18, 2024. This will be followed by installation of a new generator and cabling work. The overall duration of work is anticipated to be six months. This work will be performed using a vacuum excavator for trenching, drilling machine for the piles, concrete machinery, trucks for haulage and disposal, and a large crane to install the generator. All work will be performed within the Dale Ave Pump Station parcel. Work will occur between the hours of 8:00 AM and 5:00 PM, Monday through Friday. Additional potential impacts may include:

• Parking restrictions on Norfolk Street and Patricia Ave to allow temporary parking and access of construction equipment

• One lane traffic controlled by flaggers

• Noise impacts due to construction equipment

• Minor vibration during piling work and construction activities

- Parking restrictions on Norfolk Street and Patricia Ave to allow temporary parking and access of construction equipment
- One lane traffic controlled by flaggers
- Noise impacts due to construction equipment
- Minor vibration during piling work and construction activities

### Questions?

For immediate questions or more information about this work, please contact:

Bryan Burnham, Project Manager, Anvil Builders  
at (209) 346-2980 or [bburnham@anvilbuilders.com](mailto:bburnham@anvilbuilders.com)
